How to Schedule an Appointment on the Marathon Health Portal

1. Sign in to the Marathon Health Portal at my.marathon-health.com

2. Click on the **Appointments** dropdown menu or the **Schedule an appointment** button to access the **Schedule a New Appointment** page.
3. Choose the patient for the appointment, the reason for the appointment and the type of appointment you are requesting (in person and virtual options available to some members).

4. Select a date and time for your appointment.
5. Review and confirm all the details on your screen are correct and click **Confirm And Schedule Appointment**! You’ll get an email confirmation (or text if opted in) after you schedule.
